WinVinaya Utsav!

WinVinaya's 9th Utsav event "Fun-N-Learn" was a unique yet interesting and fun-filled event. This day was all about unlearning and relearning about team-work, team spirit, helping each other and being inclusive at workplaces. How did we do it? Through games! To make the games inclusive for our employee with Hearing Impairment and Visual Impairment, we had to unlearn and relearn. Head out to the link to know more:

Gratitude!

Our founder, Mr. Shiva Jayagopal, was awarded the Distinguished Alumnus Award (DAA) for Excellence in Service to the Society 2020 by NITT (National Institute of Technology, Trichy) in recognition of WinVinaya's mission in enabling an inclusive society. The reward is not just a pride for the WinVinaya family but also a great reminder for all of us of the work we do and the change we are able to bring in the lives of so many. Make a Change!

International Day for Persons with Disability is on 3rd December. Would you like to make a social impact? Rs. 25k will help us train a candidate in Niche, Industry Ready skills like Software Development/ Core Banking. Your contribution will help change the life of a candidate for the better. Don't wait, head out to donate!

Training & Placement

We have successfully completed the training for women from Economically Weaker sections this month. There are 3 ongoing training batches for Persons with Disability in both IT Full Stack and BPA+Banking who will be ready for recruitments in a month's time. We will be starting new batches for our Edu-connect partners soon! 3 candidates were placed this month and we wish them all success in their endeavors.

Post Placement Support

We at WinVinaya, don't stop with training and placements but continue to provide extended post placement support as well. This ranges from a minimum period of 3 months. We provide post placement support in terms of connecting and liaising with the companies, sensitizing them when it comes to PWD candidates etc...

Corporate Collaboration

We have collaborated with many Corporates who came forward to create an impact in the lives of the needy by volunteering to conduct comprehensive Mock Interviews (Technical, HR) for our candidates, mentor and guide them about various aspects of Work-life and make them corporate ready. Volunteers from MNC are co-creating training modules for new courses, along with us. Interested? Reach out to us.

"It doesn't matter how slowly you go as long as you don't stop." - Confucius

Kanimozhi is a bright, optimistic, determined, cheerful girl with an ever-present smile on her face. She is from a Economically Weaker Section (EWS). Her father is a tailor who struggled a lot to educate her and her brother. Kanimozhi focused all her energy in studying and scored 98% in SSLC, got scholarship for the next 2 years and came out with flying colors in her 12th as well. She completed her Engineering from United Institute of Technology, Coimbatore. Not only in studies, she excelled in sports and sketching portraits too. Her favorite sports are badminton, volley ball and chess.

She said her biggest challenge is that she is a reserved person and can't make friends easily. At WinVinaya she got trained in Full-Stack Development, English communication skill and Soft Skills along with mock interviews. She said that these interventions helped her to boost her confidence, pulled her out of her shell and helped her to perform better. Now she got a job in one of the MNCs and very happy that she can now shoulder responsibilities at home.

In the future, she wants to become a software game developer, be financially independent and help other deserving people in need.

Her message? "Never give up when faced with failure. What is meant to happen will happen at the right time and it's worth the wait. " A thoughtful and wise message indeed.

"Never give up..."
-KANIMOZHI
